

INTRALOGISTICS

Reduce your operating costs with Lödige Intralogistics Solutions

WE ARE YOUR LOGISTIC PARTNER

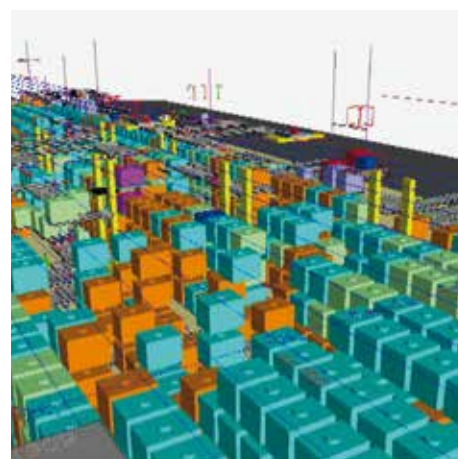

Working closely with our customers, we plan, simulate and implement conveyor solutions and turn them into profitable turn-key systems. Thanks to our industry-specific expertise, we optimise your in-house goods and material flows, increase the performance of your system and help to significantly reduce operating costs.

We offer all services from one source: system analysis, planning, design, manufacture and supply of material handling systems, management software, installation, commissioning and subsequent system maintenance.

We offer:

- Storage systems for special applications
- Special conveyor systems
- Mechanics, PLC & IT
- Turnkey solutions

Our customers represent many different industries, including the automotive and pharmaceutical industry.
